WHAT
OTHERS
SAY

“You were early to arrive and ready to deliver your presentation. You touched on all of the key items a person should know to understand their credit in a simplified way that the beginner could easily understand. Your presentation was bold, clean, concise yet thorough and you kept the audience involved and attentive the entire time.” -Wilonda Cannon

“Willingness to share and be transparent was very refreshing” -Cecelia Marlow

“You’re transparent with you story and your journey into full-time entrepreneurship. Your ability to become relatable makes the audience feel comfortable trusting you because you don’t come from a place of aggressively selling your services. You present facts mixed with your personal experiences to educate the audience.” - Sherri Jordan

“How much you’re willing to give and understand the pains of your audience.” - Sherise Turner

“No hidden agenda and schemes. Pure information, freely given to people who often need it the most. :-) Thank you for this.” -Lutalo McGee

“I most enjoyed your professionalism, promptness and overall presentation from personal appearance to the information provided. You fit right in with my brand and message.” -Jamesia Johnai

“The overall presentation wowed me. I felt like an attendee rather than the facilitator. I took notes! Also, you were extraordinarily kind.” -Princess Danica
